MOVE TO END GREAT CALIFORNIA STRIKE

Lieut-Governor Of Dakota Is Reported Winning Control

State Troops Are Expected To Cease To Accept Orders From William Langer, Ordered Ousted From Governor's Office By State Supreme Court

Martial Law Is Test For Two Sides

Associated Press
Bismarck, N.D., July 18.—Control of North Dakota's national guardmen by Lieut-Governor Ole Olson, acting governor, was believed imminent as indication came from sources close to Adjutant-General Earl Sario that he would accept the decision of the state supreme court ousting William Langer.
The state this afternoon still was under martial law, declared by Langer in an effort to retain office yesterday evening after the supreme court had ousted him.
Olson ordered Assistant Adjutant-General H. A. Brice to vacate Langer's office, but no action has been taken on this order as yet, as was stated from Sario, who was expected.
Sario's legal adviser said definitely he would advise the officer to abide by the decision of the state supreme court.
Langer could not be reached for comment.
Should he lose control of the national guard, there were hints by persons that he might march on Bismarck to maintain Langer in office, but there was no verification of this move would be used.
The National National Guardmen, armed with weapons, were scattered throughout the State House, acting under Langer's martial law order issued yesterday. They were ordered to remain in the State House until Langer was ousted.
Langer came yesterday evening with dramatic suddenness after the state's highest court had ruled he was disqualified to hold office because of (Turn to Page 2, Col. 3)

NO RUBBER TIRES SOLD IN GERMANY

Canadian Press from Havana
Berlin, July 18.—Sale of rubber tires in Germany to-day was prohibited by the government for the reason of rubber consumption. The department had already ruled that tires should be made of reclaimed rubber with but a small percentage of new material.

MERCANTILE WAGE MEETING

Industrial Relations Board To Consider Minimums in Stores Monday

The Board of Industrial Relations will meet next Monday to go into the question of minimum wages for men workers in mercantile establishments in the province, it was announced by Adam Bell, chairman, and deputy minister of labor, this morning.
Representatives from interested parties will be heard by the board on this matter, which involves thousands of workers in wholesale and retail stores in the province. At the present time, it is understood, the board is merely surveying the situation to determine what action may be necessary. It is also the board's intention to recommend to the cabinet that the mercantile operations be brought within the scope of the Hours of Work Act.

RELIEF NEEDS GROW IN SASKATCHEWAN

Canadian Press
Regina, July 18.—The quickly changing weather has caused the relief commission to-day to decide to issue a statement of the situation in the province. The commission had been prepared for a lengthy survey.
It is now a certainty, said C. N. Dandridge, manager of the commission, "there will be a total crop failure in excess of fifty municipalities. That will be the case regardless of weather conditions from now on. But the change in prospects is so rapid that under present conditions we decided we would issue a statement that we completed Tuesday night."

POLICE FIND PLOT TO KILL GANDHI

Associated Press
Calcutta, July 18.—Police have taken elaborate precautions to protect the life of M. K. Gandhi when he comes to this restless city tomorrow.
Authorities said there had been a flood of inflammatory literature in which Gandhi is described as a "traitor to the cause of India." It was understood they had detected a frame of a carefully planned plot to assassinate him.

YOUNG NANAIMO ATHLETE KILLED

John Kerr Victim of Falling Log at Mount Benson Camp; Rugby Star

Special to The Times
Nanaimo, July 18.—John Kerr, prominent and popular young athlete, son of Alderman and Mrs. John Kerr, was killed early this morning at the Mount Benson logging camp at Mount Benson, seven miles from Nanaimo, when a log fell on his chest.
Kerr was employed as a logger. He was twenty-one years old and had been working at the Benson logging camp for the Nanaimo Rugby Club last season and was looking forward to playing again this year. He is survived by his parents and two sisters.
Coroner Hickling will conduct an inquest.

DYKING BOARD IS ANNOUNCED

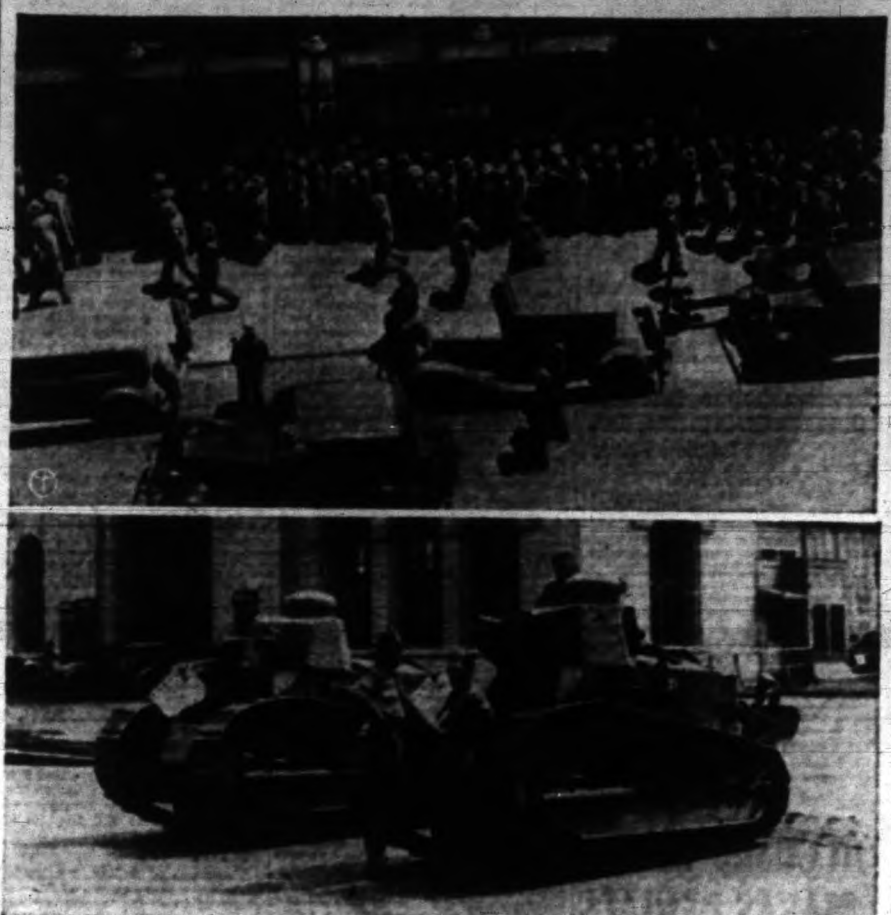

Three Departmental Officials To Survey Condition of B.C. Loans

Appointment of a departmental board to inquire into the financial condition of the various departments of the province was announced by Hon. A. Wells Gray, Minister of Lands, this morning.
The committee will be headed by Hon. D. Ross, Minister of Finance, and will also include Robert Burt, deputy minister of municipalities, and J. Ross, chairman of the provincial water board.
The board is expected to start work next week. It will consider application of the various departments and arrangements with the government for the various departments, and will report to the minister.

Lieut. Neal Dow, Saint John, and P. J. Martinsen, Quebec, Deadlocked With Two Others For Leadership in First Stage of Classic at Bisley Rifle Meet

Canadian Press
Bisley Camp, Eng., July 18.—Two Canadians and two other marksmen will shoot off for the honor of leadership in the first stage of the classic of the Bisley Rifle Meet, a result of their excellent performances in the opening stage of the opening stage of the Bisley Rifle Meet.
The four equalled the record score in the first stage, each tallying 155 out of a possible 160 points. They are Lieut. Neal Dow, St. John; P. J. Martinsen, Quebec; and two others, Lieut. J. W. Robinson, and P. J. Martinsen, Quebec.
Come to 1,000 competitors entered the opening stage of the great match. (Turn to Page 2, Col. 3)

Business Men Line Up For Meals And Tanks Stand By

The above pictures, showing scenes in connection with the general strike in San Francisco, were rushed to Victoria by airplane. In the top picture business men are shown lined up awaiting their turn to get lunch at one of the nineteen restaurants in San Francisco designated by the striking unionists as allowed to operate during the general strike. In the lower picture are two tanks proved idle strike by national guardmen to protect state property along the waterfront.

QUAKES IN CENTRAL AMERICAN REGION ARE RECORDED HERE

Seismographs at London Also Register Shocks Believed to Have Occurred in That Part of World
Two severe earthquakes, believed to have their origin in the vicinity of the Panama Canal, were recorded at the Dominion Observatory here within the last twenty-four hours.
Commencing at 6:45 o'clock last night, an earthquake continued rumbling for six hours. Its epicentre was 5,500 miles from Victoria, just south of the Panama Canal. P. Napier Denison, superintendent of the observatory, believes.
A second earthquake, apparently originating in the same locality, began recording here at 8:59 o'clock this morning.
RECORDED AT OTTAWA
Ottawa, July 18.—Record of a severe earthquake was given out to-day by the Dominion Observatory. The first preliminary tremors arrived at 8:40 A.M. yesterday evening. The distance to the epicentre was 2,570 miles. The time at the capital was 8:36 p.m. The records continued for five hours and indicated the epicentre as southwest of Ottawa.
A new quake of severe intensity.

ONTARIO GETS BEER BY GLASS

Canadian Press
Toronto, July 18.—Beer will be on sale in Ontario hotels to-morrow. It is expected that the Ontario Liquor Commission will be in a position to supply the hotels with beer and wine in restaurants. It was learned on good authority to-day. At the same time it was definitely stated that the sale of beer and wine in restaurants would not be permitted under the new liquor regulations.

BRITISH INQUIRING INTO KILLING OF OFFICER BY TURKS

Want All Facts in Connection With Slaying of Surgeon-Lieut. J. W. Robinson Off Asia Minor Coast By Turkish Sentries

Canadian Press
Istanbul, Turkey, July 18.—While twelve warships lie off the coast of Greece, the British government is demanding all facilities for its naval authorities to conduct an exhaustive inquiry into the shooting and killing of Surgeon-Lieut. J. W. Robinson last Saturday, when another officer was wounded.
Sir Percy Loraine, British ambassador, went to Ankara yesterday evening and conferred with the Turkish Foreign Minister, Tewfik Ruzmet. It is understood the government regards his request for a joint inquiry as surprising.
With Turkish permission, the warships at home searched the straits between the island and the coast for the body of Lieut. Robinson. Hit by a sniper's bullet, he fell overboard from a small boat and disappeared, though two companions were rescued. The sentries were on the mainland of Turkey.
The British officers were on a pleasure trip.
Lieut. T. S. K. Mott was wounded.
The Turkish government, through its ambassador in London, yesterday expressed deep regret over the killing of Lieut. Robinson.

Port Arbitration Effort Raises Hopes General Walkout Soon Will End

ROOSEVELT LOOKS FOR STRIKE'S END

Washington, July 18.—President Roosevelt, in a message to Secretary of Labor Frances Perkins to-day, expressed confidence that "common sense and good order" would enable a "reasonable solution" of the San Francisco strike.

URGES FAIR LABOR TERMS

American Labor Federation Did Not Order California Walkout, Says Head

Associated Press
Chicago, July 18.—William Green, president of the American Federation of Labor, to-day asserted the general strike at San Francisco was neither ordered nor authorized by the American Federation of Labor and had no national significance as far as organized labor was concerned.
Mr. Green explained there had been some confusion in the public mind and he believed some explanation from him to clear up the situation was in order.
The text of his statement follows:
"The strike in San Francisco is local in character, presenting no national significance. It originated with the workers directly involved. Through an assumption of authority growing out of certain autonomous rights conferred on local organizations, their representatives ordered the strike and must accept full responsibility for this action."
"The American Federation of Labor neither ordered the strike nor authorized it. At no time had its counsel or advice been solicited or its services requested. But even though the American Federation of Labor is not directly involved, its officers and members are deeply concerned over the existing situation and are hoping for a speedy and satisfactory settlement."
"While, unfortunately, the public mind is confused regarding the issue involved in this strike, labor generally knows and understands that if the workers who are engaged in the purely sympathetic strike win, they gain a moral victory, but if they lose they lose all."
"When working people are engaged in an economic life or death struggle, it does not seem appropriate for their friends to engage in comment which might be used against them by their enemies."
"At the moment, therefore, when the intense struggle is approaching a climax, it is not so much a question of the wisdom or the unwisdom of the action taken. Instead, an honorable settlement of the industrial conflict on an equitable basis should be the question of supreme concern to all fair, just and social minded people."

SCORES DIE IN VISTULA FLOOD

Canadian Press from Warsaw
Warsaw, July 18.—More than 100 persons, including many women and children, were believed drowned to-day as flood waters from the Vistula River continued to rise in the city and district of Cracow. Casualties were known to be heavy in the country, particularly at Tarnobrzeg and Koszary.

WINS POINT AT INQUIRY

Senator Meighen Protests Publicity Growing Out of Power Investigation

Canadian Press
Toronto, July 18.—Senator Arthur Meighen, government leader in the Senate of Canada, to-day took a point in Ontario's Royal Commission inquiry into acquisition by the Ontario Hydro-electric Commission of assets of the Ontario Power Service Corporation when it was agreed to abandon the moment evidence concerning companies with which Mr. Meighen is associated.
The decision followed Mr. Meighen's challenge that Arthur Meighen, K.C., commission counsel, show evidence of the Ontario Power Service Corporation when it was agreed to abandon the moment evidence concerning companies with which Mr. Meighen is associated.

Canadian Press
Toronto, July 18.—The Ontario government will make no grant towards the maintenance of delegates to the proposed hunger march congress called to meet in Toronto, July 20. Hon. David Cruik, Minister of Welfare, told a committee of the hunger marchers who met him to-day.

MAN DENIES HE KILLED WOMAN

Brighton, Eng., July 18.—Tony Martini, a sluttish waiter, pleaded not guilty to-day when formally charged with the murder of Mrs. Violet Kape, forty-two-year-old professional dancer.
Martini, who was charged under the name "Jack Hayes," was remanded to jail for a hearing July 20.
The body of Mrs. Kape was found stuffed in a trunk in the cellar of a lodging house here Sunday and Martini was arrested in London yesterday.

At San Francisco General Strike Committee Calls On Idle Port Workers To Agree To Have Board Named by Roosevelt Iron Out Differences; Ship Owners Willing to Arbitrate With Longshoremen, But Position of Other Marine Unions Not Settled; Seattle Port Strikers Describe San Francisco Union Offer as "Sell-out"

Associated Press
San Francisco, July 18.—Two vital conferences were called here to-day in efforts to reach an immediate settlement of the general strike.
Mediators, encouraged by the strikers' offer of an arbitration, sought ways and means of bringing the union representatives and employers together for a quick termination of the walkout involving 100,000 men in the bay region.
The ship owners previously had agreed to arbitrate with the International Longshoremen's Association, but had refused arbitration with the nine other striking maritime unions.
Explaining their position, they asserted the nine other unions were not representatives of their trades.

Publicity Bureau Receives Inquiries Concerning Gas Supplies, Ferry Services

Indicative of the general uncertainty caused by the Pacific Coast waterfront strike and its effect upon travel, the Victoria and Island Publicity Bureau is daily receiving inquiries from the other side of the line relative to conditions existing in British Columbia.
The impression apparently exists among motorists to the south of the border that ferry connections to and from the Washington mainland and Vancouver Island may have been interfered with by the strike, and also that a gasoline shortage might exist.
In a communication to George J. Warren, publicity commissioner, J. C. Irvine of Albany, Ore., asks if the gasoline supply in Victoria is ample for motorists, whether the strike will stop the Port Angeles-Victoria ferry and also if motorists visiting the island are permitted to carry a reserve supply of gas in cans to enable them to return home.
Mr. Irvine has been advised by the publicity bureau that Victoria is ample gasoline supplies, that there is no indication of the strike extending to Victoria and that the ferries which carry to freight other than automobiles are unlikely to be affected by the coast labor dispute.

Attacks On Seattle Wharves Broken Up

Seattle, July 18.—Ladders of the marine strikers here to-day and they were used to break up the attacks on the wharves. The strikers, where leaders of the general strike in that city had suggested arbitration.

VEGETABLES SOLD IN STRIKE AREA

San Francisco, July 18.—Fresh fruits and vegetables appeared in San Francisco stores to-day for the first time this week as the general strike committee refused to accept the original right of its men without blockade.
Grocers seeking supplies, however, were forced to get two permits to cross the double line of strike pickets and national guardmen barring them from the commodities business district.

ORDERS CHANGE RADIO CHANNELS

Ottawa, July 18.—Changes in broadcasting channels, effective September 1, will apply to three stations in the prairie provinces and three in British Columbia. It is announced by the Canadian Radio Commission. The changes were made after consultation with the stations. It is stated. Changes include:
CJOC, Lethbridge, from 840 to 1280 kilocycles.
CJBC, Edmonton—CJBC, from 1,200 to 910 kilocycles. CJOY, Edmonton, from 1210 to 880 kilocycles, and CJUC, Kamloops, from 1210 to 880 kilocycles.

Police Use Gas Against Strikers and Sympathizers As Ships Unload

Seattle, July 18.—Strikers and sympathizers by police to number 1,500, storming Pier 41 here to-day, but were repulsed by guards equipped with tear gas bombs. Nine ships at the pier were being loaded by non-union men behind the police lines.
The rioters scattered under clouds of gas, but quickly gathered for a new assault on Pier 41, nearby. The men were reported by authorities to have gathered during the night to demonstrate against the use of more than 400 non-union workers on the pier.
Police charged the rioters with a specially equipped automobile fitted to emit muzzling vapors, but it had little effect.
EARLY GUARDS
The pier at Smith Cove has been the scene of contention here for weeks, as it was there where the efforts to load ships with non-union longshoremen were concentrated. Situated at the extreme north end of Seattle's waterfront, the pier is reached only by a bridge and by railroad trestle, and can be guarded by a comparatively small force.
Combined day and night forces of the police were on duty. Pickets have been on the scene every day since the strike started, but had been orderly.
A British Oil Company tanker, the Larry Delany, berthed at Pier 41 during the night.

Steps Taken To Add To Britain's Air Defences

Cabinet Puts Finishing Touches to Its Programme; Fifty Squadrons to Be Built

London, July 18.—At a cabinet meeting today the finishing touches were put on Great Britain's plans to double her air force. It was understood the cabinet agreed on an increase of at least fifty squadrons during a period of years. With such extension completed, Great Britain would have an air force equal to any nation "within striking distance." Addition over a period of years of fifty squadrons would increase the Royal Air Force by about 600 machines. At present the force has 500 first-line aircraft or slightly more, including additions which have already been provided for in the estimates.

RADIO FIGURE ON VACATION

Amos, of Amos 'n' Andy Team, Is Holidaying in Western Canada

Winnipeg, July 18.—Continuity? Work? Radio programmes? No sir. I have my wife and two good friends along. In addition, to some fishing tackle and all I want to do is to see the country, enjoy the holiday and do some fishing. Maybe I'll do a little brown bear shooting up in Alaska. So spoke Freeman H. Gorden of Chicago before he left for Jasper over Canadian National lines this morning. Gorden is none other than Amos, one of the internationally famous team of Amos 'n' Andy, who have kept radio listeners interested for the last eight years without a break. He is accompanied by his wife and Mr. and Mrs. William M. Dewey of Chicago. They are on their way to Jasper Park Lodge, where they will spend a short holiday before proceeding along to Prince Rupert. From this point they will leisurely cruise up the northern coastline to Alaska and enjoy a real holiday. "What's it feel like to have a real holiday?" he was asked. "Well, I don't realize it yet and I guess I won't until we get on the boat. We have had a long stretch of hard work in eight straight years on the air and this is the first holiday. We are due back on the air on September 17. "We are looking forward to this trip immensely as it is the first time we have been through western Canada. We are all pepped for the trip through the mountains. "Where Andrew H. Brown and how will he keep out of trouble when you're away?" was another question. "He and Mrs. Gorden sailed to-day on the Brown for Europe for a two months' holiday," Amos replied.

GAME WARDENS MAY LOSE JOBS

Toronto, July 18.—According to The Toronto Star, Hon. E. C. Howe, Provincial Secretary in the new Republican cabinet, has decided to discharge game wardens and deputy game wardens in the province. Their average annual salaries are \$145,791. Orders for the discharges are expected to be put in the mail within the next few days, according to the newspaper.

his recent conviction in federal court with four others on a charge of soliciting funds from federal relief workers.

Declaring he would oppose "by force if necessary" any attempt to remove him as the actual governor of North Dakota, Langer remained cloistered with his political adherents throughout the night, issuing a statement meanwhile that the declaration of martial law was designed to "prevent bloodshed and rioting." His action followed closely on the heels of a proclamation by Langer advising his supporters.

Bismarck, N.D., July 18.—Judgment of the state supreme court ousting William Langer as governor was filed at 2:35 p.m. C.B.T., to-day along with rulings by the court on further legal process was necessary to bar Langer from exercising legal authority. The court abandoned its plan to issue a quo warranto writ to bar Langer as governor, and on filing its decision, held that no further action was necessary to oust Langer.

Canadians Tie For King's Prize Lead

Three hundred go into Friday's second stage, and 100 into the final on Saturday. Estimates to-day had it to five seven shots each at 200, 300 and 500 yards, the match running until the light was fading. Dore carried on the top rank by setting a 34 at the first distance and possibility of 35 thereafter; Martinson had possibilities at the first two distances.

CANADIAN WELL UP
Some time will elapse before the statisticians figure out what score is needed to qualify for the next stage, but it seemed that 98 was a fairly safe figure. If this is so, Canada should have at least eleven men in the next stage.

The veteran George Baudie, Toronto, was right up with 101, and 100 was posted by Corp. B. W. Beaumont, Vancouver; Sgt. James Borden, Toronto, and Capt. A. C. Lucas, Toronto. The Canadian marksmen in the schools, however, continued. For the fourth time Canadians who have gained the right to shoot off with others for individual match trophies lost out this afternoon when Capt. D. E. Eford won The Times Trophy, Martinson, who had the same score as Eford in the match proper, finished seventh, and Corp. M. W. Taylor, Vancouver, tenth, each winning 511.

DISQUALIFIED CONDITIONS

The Corporation Match was fixed and competitors found the conditions difficult at the 1,000 yards of the first stage.

Mr. Martinson again led the Canadians in the Corporation shoot with a creditable 47 out of a possible 50. Capt. Dore, Toronto, followed at 44, and Capt. A. C. Lucas, Toronto, at 43. Langer, both of Vancouver, scored 42, Baudie and Sgt. Major J. Taylor, Toronto, 39 to 42. Lard, Stephen Johnson Wayne, Alta., got 39 and young Donald McLeod, St. John, scored 35, while Sgt. C. E. McIntosh, Calgary, failed to finish. Reported later in the Corporation shoot, Lieut. Roger Street, Hamilton, scored 44, Lieut. Neil Dow, St. John, 43, and Sgt. Major J. Taylor, Toronto, 42. Capt. A. C. Lucas, Toronto, 34, and young William Don Stewart, Winnipeg, 31.

Attacks On Seattle Wharves Broken Up

(Continued from Page 1)

Police stopped two rushes in which several hundred men, hurrying rocks, penetrated their lines, but did not reach the two docks 40 and 41. STRIKERS NOT STOPPED
A host of men from police pines and bombs swept the strikers back. One striker picked up a bomb to throw at police, but it exploded in his hand, injuring him seriously. Many others were affected by the gas as white fumes rolled across the docks.

The tanker, which arrived yesterday evening, to-day began discharge of her cargo of 80,000 gallons of fuel oil, brought here from the Columbia River.

The tear gas stopped the two rushes of pickets, but the strikers nevertheless made light of the gas, trying head-on to reach the docks. "They don't mind it any more than I do," said one striker.

SHOTS FIRED

Several shots were fired at the Larry DeLong, C. Beck, chief harborman, the Seattle harbor patrol, said one bullet hit the boat, but did not injure anyone.

Police held five men for investigation after the riot. They are believed to have incited the crowd by speeches.

WHEAT BREAK IS DEPLORED

Decision Not to Enforce Quota on Grain Blow to Farmers, Says London Times

London, July 18.—Breakdown of the letter of the world wheat agreement in the present crop year, indicated by decision of the world wheat advisory committee not to enforce the quota until August 15, will be a disappointment to wheat farmers all over the world, according to a statement issued today.

According to a statement in London, the world wheat advisory committee, in its decision to suspend the quota on the world market in the closing stages of the crop year, which will end July 31, had the immediate effect of blowing the quota to the winds. The committee's decision to suspend the quota until August 15, will be a disappointment to wheat farmers all over the world, according to a statement issued today.

ACCUSED MAN MAKES DENIALS

(Continued from Page 1)

New York, July 18.—James C. McKay, Reno, Nevada, gambler, went on the witness stand in his own behalf today to deny himself any part in the charges of maintaining the mafia in a scheme to defraud.

McKay and William J. Graham, also Reno gambling hall owner, are accused as the backers on a ring of international film-fraudsters, which is alleged to have lured forty-two victims of more than \$1,000,000 at Reno. McKay declared he was not even in Reno on the day Alister Forbes, one of the swindling victims, testified he met him in the Riverside bank. He said he was attending a rodeo at Terrington on that date.

"How do you remember this?" counsel asked.

"My horse, 'Buster Keaton,' died on that day," he replied.

Forbes, a Canadian of Victoria, B.C., had said McKay was introduced to him as "the manager" of the bank. "Did you ever have a conversation with Mr. Forbes?" counsel asked.

"I never saw Forbes in my life until he came into this court," he said.

"Did you ever in your life see Noble John Moore?"

"Not until he came into this court," he said.

McKay and Graham always got 10 per cent.

Four-point Programme Discussed By Convention in Winnipeg

By Sam G. Ross, Canadian Press Staff Writer

Winnipeg, July 18.—Preparing for the next federal election, the second annual national convention of the Co-operative Commonwealth Federation to-day debated a four-point programme of immediate objectives. Covering agriculture, labor, finance and peace, the immediate programme included socialization of all finance, including the newly created central bank; reduction of farmers' debts and rural credits to aid agriculturalists; and legislation for control and processing and distribution of farm products.

A mass housing scheme to be financed by public credit under direction of a national housing corporation; reduction of the national debt; and peace, the immediate programme included socialization of all finance, including the newly created central bank; reduction of farmers' debts and rural credits to aid agriculturalists; and legislation for control and processing and distribution of farm products.

The peace section declared refusal to send Canadian soldiers to fight in wars in foreign countries.

WOODWORTH SPEARS

Introducing the programme, J. A. Woodworth, M.P., Winnipeg, national chairman of the C.C.F., declared the programme "was not strictly speaking an election programme." He thought the federal election might still be a year distant, but believed the programme should be the watchword of the federation.

Based on the fourteen-point manifesto adopted at Regina a year ago, the immediate programme outlined objectives for the federation to seek in the immediate future.

"A C.C.F. government will release the community from control of banks and financial magnates by the establishment of a national bank and financial machinery, including the central bank," the financial section declared. "It will use this public credit to finance the construction of a public works and services financed by the national credit."

FOR FARMERS

Dealing with agriculture, it proposed to secure for the farmers against foreclosure by creditors and from exploitation by packers, millers, dairy corporations and others, but to secure a market for farm products was proposed and encouragement was promised all consumers and producers of home industry would be achieved even if amendment of the British North America Act was necessary. It was stated, workers would be guaranteed the right to organize and negotiate agreements through their chosen representatives. Social legislation would include illness, unemployment, accident and old age to provide decent standards of living for every Canadian family.

DELEGATIONS

Registration of accredited delegates began today for the anticipated march. The total so far is 218, with approximately fifty of them women. Western representation is expected to be there, a large delegation from Ontario and a group from Quebec.

TEACHERS PROTEST AGAINST DISMISSAL

Two on Courtenay Staff to Appeal Decision of Board

Special to The Times
Courtenay, July 18.—The regular meeting of the Courtenay Labor Day school trustees was held last Friday evening when a communication was read from Laurence McCreath of the high school staff refusing reasons for his dismissal given by the board and stating he had appealed to the Council of Public Instruction. A similar communication from Miss M. McPherson with regard to the reasons given for her dismissal by the board was read and considered as well as a letter from the Council of Public Instruction to whom she has appealed.

Resignation of two positions on the teaching staff was tendered by Miss Margaret Duncan.

A resolution was passed confirming the appointment of Miss Graham as teacher in the primary department. The secretary was instructed to send a letter of sympathy to A. H. Taylor, principal of the high school, who is recovering from an illness in hospital, and also to J. McKenzie, chairman of the board, who is in hospital at Portland, Oregon.

NEW AMBASSADOR TO JAPAN

San Francisco, July 18.—The general staff should be called off immediately, President Roosevelt's labor dispute board declared to-day, in calling for arbitration at once on the controversy.

The board in a public statement announced the Waterfront Employers' Union has agreed to submit to arbitration the issues involved in the longshoremen's strike and to be bound by its decision.

NO EASTERN STRIKE

New York, July 18.—Longshoremen of the eastern United States assured there was no intention of striking in sympathy with west coast maritime workers, according to Joseph P. Ryan, president of the International Longshoremen's Association.

"Our boys," he said, "are smart enough to know radical elements want us to go out so they can take control of the situation as they did in San Francisco."

"But we intend to continue to operate under our contracts with the New York Shipping Association, which will not expire until September 30."

Move To End Great California Strike

Voluntary of nearly 100,000 union workers, which has paralyzed the normal service to 1,500,000 people of the state where the union, before then 200 alleged radicals were rounded up by police while self-styled vigilante groups stormed known Communist headquarters.

The resolution adopted yesterday evening by the committee by a vote of 277 to 150 after seven hours of debate, followed a day of intense tension as 30,000 men Bay workers joined in the walkout and raids and riots struck the region. More than 200 alleged radicals were rounded up by police while self-styled vigilante groups stormed known Communist headquarters.

Increasing evidence of federal concern over the spreading strike fire was seen as Hugh A. Johnson, F.B.I. administrator, branded the general strike a "radical movement" in an address at Berkeley yesterday afternoon and P. A. Bingham, chief examiner of the new national labor relations board, arrived here by airplane from Washington.

United States Senator Robert F. Wagner, of New York, author of the original labor dispute bill, hurried to Berkeley to urge the union to end the strike threat was held back by a union "strategy" committee pending action he may take.

The San Francisco general strike committee declared the "peace" call came from a turbulent meeting of the members at the Labor Temple at which John A. O'Connell, secretary of the central council, and a number of union leaders were present. The committee was held back by a union "strategy" committee pending action he may take.

would be required to produce from his books and records any evidence pertaining to the Ontario Power Service Corporation.

In his plea against evidence concerning the company which he is a director or associate, Mr. McElroy asked if working details of the company should be "passed by the press through the country" and "their holdings be made known to their competitors."

He maintained acquisition of the Ontario Power Service Corporation was a governmental measure and one in which the Hydro Commission had discretion.

EX-PREMIER TESTIFIES
Former Premier George A. Henry was examined by a slight regarding his ownership of 500,000 worth in Ontario Power Service Corporation bonds.

Evidence indicated that after the company was created by the Ontario Power Service Corporation was granted power leases and the Hydro Commission was to purchase 100,000 shares for \$10 a share, the private company was to pay a rental of \$1 a horsepower to the Ontario government. Three months later, however, rental of \$100,000 was submitted to the company.

Mr. Henry said he could give no explanation for the rental, not being familiar with "all the details."

NOT REGISTERED
When he bought the bonds of the company, he said, he had received a letter from the firm which told them to him adding if he wished to have them registered. He said he had applied in the affirmative, but registration was not accomplished. When the time came for him to turn them over for bonds of the Hydro Commission, he explained he merely handed them to his broker.

James Wallis, Deputy Minister in the Premier's office, ordered two letters from the Ontario Power Service Corporation and the Abitibi Power and Paper Company were missing from the file in the Premier's office.

In his testimony, Mr. McElroy said that long before he was connected with the companies they had contracts and dealings with the Hydro Commission and it was these dealings that were being investigated.

"There is nothing the Hydro Commission can do which would affect the value of these bonds," he said. "If all these things were to be investigated, he continued, "we could not do business at all. We could not have a business with 'all the details'."

It was of his own as a Hydro commission.

BOOK BARRED FROM AUSTRIA

missioner had affected his companion he said, it was his duty to check his connection to his colleague.

He said he was charged with having subordinated his duty as a commissioner in order to profit personally. Until this was proved, he declared, there could be no fair investigation.

Quitting from a published speech at Vienna, Mr. McElroy said he was accused of using "inside information" he received as a Hydro commission to purchase bonds at a price prior to the public sale. He said he was not a member of the Hydro commission and should be repudiated, said Mr. McElroy.

ON THE STUMP
But these charges, hurled through the country, were not made in a proper way, he said, and he had invited to "take the stump." He sought an investigation repeated and finally when a federal investigation was pending, "With War Came to Europe" was published. "With War Came to Europe" was published. "With War Came to Europe" was published.

He contended transactions of the company as directly connected with Hydro should be investigated, but declared Hydro had not sought to Ontario Power Service Corporation deal had recommended it as a request of the provincial government.

DROUGHT ARE IN U.S. GROW

Damage to Grain in Number of States Reported

Associated Press
Washington, July 18.—Increase in the drought over a major part of the United States was reported to-day by the weather bureau in its weekly bulletin. Temperature averaged above normal in nearly all sections with central states reporting the driest work in the history of the bureau.

Abnormal lack of rainfall caused new damage to crops in north central midwestern and southern states. Crops and pasture lands deteriorated from the great plains westward, with wheat and corn being particularly affected. In the drought-stricken areas, the wheat and corn were being reduced considerably below a week's estimate of \$5,000,000 being lost in the drought-stricken areas.

A hint the spring wheat crop was being reduced considerably below a week's estimate of \$5,000,000 being lost in the drought-stricken areas.

STRIKE BRINGS NOISE CHANGES

Effects of Stoppage of Work in San Francisco Described

By Henrie Taylor, Associated Press Staff Writer
San Francisco, July 18.—A cash register in an open-front cigar stand jangled and was heard a block away in down-town San Francisco yesterday. Such was the silence in Powell Street, which is to San Francisco what Forty-second Street is to New York.

The fun-loving town was static, not dead. Again the streets were thronged with pedestrians as on Monday, the first day of the general strike. It was even more open and more noisy than the first day, but still distinctly quiet.

Grocery stores still partially stocked with staples closed their doors. "Threats! Threats! Threats!" muttered the operator of one of these as he put on the padlocks.

IN FRUIT MARKET

The one place in town where there was plenty of activity was in the wholesale fruit and produce district. Behind heavy timber barricades erected by national guardsmen, trucks moved from train-bay ferries and unloaded fresh food for the bewildered populace.

Truck drivers, convoyed along highways to ferry points, unloaded quickly and departed.

The Municipal Street Railway did a rushing business on resuming service after a twelve-hour interruption.

HOUSE OF LORDS TO DECIDE APPEAL

Associated Press
London, July 18.—The libel suit of Princess Irene, Youssouf based on the motion picture "Napoleon and the Empress," was headed for the House of Lords to-day, the Court of Appeal having declined to set aside a jury's verdict awarding the princess £25,000 (about \$125,000) damages from Metro-Goldwyn-Mayer Limited.

C.N.R. EARNINGS UP \$235,130

Canadian Press
Montreal, July 18.—Gross revenues of Canadian National Railways system for the week ending July 16, were \$2,351,130, as compared with \$2,047,782 for the corresponding period of 1933, an increase of \$303,348.

LEADS EXPLORERS IN TURKISTAN

A report a week ago said Dr. Sven Hedin, above, world famous Swedish explorer, had fallen into the hands of brigands for the second time in his long career when bandits captured him with ten companions in Chinese Turkistan. A couple of days ago word came from Dr. Hedin that he and his party were safe. They have been exploring the ancient silk caravan trade route.

WHEAT EXPORTERS WANT SHOWDOWN

Washington, July 18.—Three nations which are parties to the international wheat agreement are moving to decide the fate of the compact which seeks to limit world wheat production and raise world prices.

The United States, Canada and Australia, principal exporters of bread grain, yesterday requested a meeting to be held August 14 in London to attempt to reach "a complete understanding" on the agreement for next year. They left the intimation they would seek a showdown on the position of Argentina, fourth principal exporter.

Four proposals to stabilize the world wheat market were definitely rejected by Argentina. They are (1) Argentina's adherence to a minimum price; (2) a limitation of exports the second year by agreement to 100,000,000 bushels; (3) a reduction of seeding to regulate yearly exports to 110,000,000 bushels; and (4) an agreement to denaturize wheat exceeding the export quota and domestic consumption.

It was contended the scheme to fix a minimum price on wheat has proved a failure. Denaturation of wheat was held to be impractical because the United States and Canada, "the accumulated stocks of which are responsible for the present situation," have not adopted that procedure.

The agricultural ministry stated Argentina's attitude toward international agreements was unchanged, but that as soon as its surplus was eliminated it would put into effect policies intended to reduce sowings.

BERKELEY, CALIF., July 18.—The Argentine Ministry of Agriculture proposed to-day that the nation's wheat export quota be raised at next month's international wheat conference to 150,000,000 bushels. As present the quota is 110,000,000 bushels.

A communique, issued by the agricultural ministry, stated the abundance of wheat in Argentina has created a larger export quota to overcome surplus.

JAIL IN VENICE SCENE OF FIRE

Police Prevent Convicts Escaping as Flames Are Fought

Associated Press
Venice, July 18.—Closing the gates of a blazing island prison in Venice, where some of Italy's most desperate criminals are housed, authorities early to-day prevented a menacing jail break by a community. It is a menace to government, it is civil war.

The people of the United States, he said, would not tolerate insurrection by such a general strike.

FEDERAL INTEREST
Gen. Johnson brushed aside the suggestion he said had been made to him that the strike of maritime workers was no concern of the federal government.

"When the interstate and international commerce of this nation is paralyzed and down a whole coast by an action admittedly concerted as between ports in different states," he said, "the most backward first-year law student must know beyond peradventure that all the majesty and power of the federal government has been deliberately invoked."

War, Gen. Johnson said, had shown economic strangulation was a more potent weapon than big guns.

Man Killed By Denver Zoo Bears

Associated Press
Denver, Colo., July 18.—Two big grizzly bears, maddened by the heat, attacked and killed their keeper, Charles E. Wyman, as he was cleaning their pen at the City Park Zoo yesterday.

Scores of persons, attracted to the scene by the roar of the bears and shouts of the seventy-year-old keeper, stood by, powerless to aid. Zoo guards attempted to drive off the enraged animals by shotgun fire, but the buckshot seemed only to arouse the bears to greater fury.

Police were called, but before they could reach the scene Wyman had been mangled to death.

ELECTION RECOUNT

Regina, July 16 (Canadian Press)—Guy E. Hummel, Liberal, was reinstated as winner of the provincial election in Last Mountain on conclusion of the recount proceedings yesterday.

Mr. Hummel, 49, was elected by a majority of twenty-six over J. J. Farmer-Laboy. The original count gave Mr. Hummel a margin of only fourteen. Final figures were: Hummel, 2,794; Farmer-Laboy, 2,768; Peters, Conservative, 2,538.

ONTARIO'S NEW HYDRO CHAIRMAN

Corbett, Ont., July 18.—Paint cries from incubator homes proclaimed to the little household of Olive Dienne that his five daughters to-day had all broken the quintuplet record for longevity.

The party, which is traveling in five French tractors, will remain here for two or three days to reorganize the entire trip from Edmonton, the main section of the Bedaux tractor expedition, bound for Telegraph Creek, B.C., arrived here yesterday morning.

ADMITS BEING PAID BY GERMAN CONSUL

Summons to explain his activities in the United States and behalf of the Hitler government, George Sylvester Viereck, author and publisher, is shown above as a threat to New York before the Congressional committee investigating "un-American activities." He admitted he had been paid \$2,000 by Dr. Otto Krieg, former German Consul-General for "advisory services" on public relations.

GENERAL STRIKE SCORED BY NRA

Hugh S. Johnson Describes San Francisco Events As Civil War

Berkeley, Calif., July 18.—Termining the general strike in the San Francisco region "civil war," Brig.-Gen. Hugh S. Johnson, NRA administrator, declared here yesterday blocking off necessities of life from a whole people "is bloody insurrection."

The right of dissatisfied men to strike against a recalcitrant employer is inviolate," Gen. Johnson said in an address before the University of California student body. "This government has supported it, and will support it to the limit. It is a weapon in a two-sided conflict, but the general strike is quite another matter. It is a threat to a community. It is a menace to government, it is civil war."

The people of the United States, he said, would not tolerate insurrection by such a general strike.

FEDERAL INTEREST

NEW RECORD FOR QUINTUPLETS

Corbett, Ont., July 18.—Paint cries from incubator homes proclaimed to the little household of Olive Dienne that his five daughters to-day had all broken the quintuplet record for longevity.

The party, which is traveling in five French tractors, will remain here for two or three days to reorganize the entire trip from Edmonton, the main section of the Bedaux tractor expedition, bound for Telegraph Creek, B.C., arrived here yesterday morning.

The former mark was set in 1668 at Lisbon, Portugal, by the last surviving girl of a quintette, who died of "intermittent fever." Other quintuplets never have been known to survive more than two weeks.

Gains by three of the Dienne girls boosted the total weight to seventeen pounds three and three-quarter ounces.

NO BYTES FOR PLUMS

Vernon, B.C., July 18 (Canadian Press).—Five thousand crates of Okanagan Valley plums may be placed in cold storage because they have been offered in vain to all jobbers in this district, and 1,000 crates of peaches are offering without success, according to Major M. V. McGuire, manager of the Okanagan stabilization board. He says melons and pears are plentiful in the valley.

ADVERTISE IN THE VICTORIA DAILY TIMES

THE SMOKE OF THE BRITISH EMPIRE

GOLF was already old in Scotland when the Royal and Ancient Club was formed at St. Andrews in 1754. Nearly 150 years earlier, James the Sixth of Scotland and First of England, brought the game to London. His club, the Royal Blackheath, founded 1608, is alive and vigorous to-day, but every good golfer rightly regards St. Andrews as the cradle of the game. And when on those low sandhills by the grey North Sea, ten thousand eyes watch every movement of a Flagen or a Compton, the tense and thrilling moments often need the soothing fragrance of a cigarette. Nine times out of ten it comes from that "Yellow Packet" which is familiar to every golfer.

CITY COWBOYS TO DISAPPEAR

Since 1850 Riders Have
Carried Red Flags Before
Trains in New York

New York, July 18.—The Tenth Avenue cowboys are headed for the last roundup. Pretty soon the "little dogs," which are New York Central freight trains, will be able to get along by themselves. For an elevated structure is being built for them, and they will be no further need for the city ordinance which says that trains moving on any New York street must be preceded by a rider on horseback, one block ahead of the locomotive, waving a red flag by day and a red lantern by night.

The custom dates from 1850, when the city council decided something had to be done "to warn pedestrians and to prevent runaways of horse-drawn vehicles." The moving steam engines and clanking cars of that day were scaring the daylight out of city-dwelling horses. The trains were moving fast, too, sometimes ten or twelve miles an hour. So a good way to slow them down seemed to be to have a horse walk in front of the engine. Then people driving skillful horses could get out and hold them while the trains went by.

Electric locomotives came into service and were quieter than the average motor truck. But there was no change in the law. Trains continued to crawl along Tenth Avenue as they piled between the freight station at Thirtieth Street and St. John's yard, a couple of miles along the waterfront to the south. In front of them rode and still ride—the cobblesome cowboys. There are a dozen of them now, almost all farm-bred youngsters, and using about the only western saddles to be found in New York. They and their mounts have learned not to falter or to bridle an inch for a fine engine, a traffic signal or a careening ambulance. Most of them have worked some amazing variations

Veterans Hear Of Legion Work

Duncan, July 18.—About 100 members of the Cowichan branch of the Canadian Legion and the women's auxiliary attended the lecture given by Col. W. W. Foster at the St. of P. Hall, Monday evening, on "Veterans' Affairs." Col. Foster spoke of two conventions he had attended lately—one at Portland and one at Orléans, where he was elected first Dominion vice-president.

All present at that convention, he said, were impressed with the wonderful spirit of service shown, no one asking for anything directly for themselves. The convention removed all doubt as to the strength and character of the legion, and established for all time what the legion means to the country. Col. Foster explained the method of handling the finances, and pension legislation, in regard to which many resolutions were put forward and adopted. Politics and legion work should have no connection with each other, he said.

E. W. Bonford, president of the Cowichan branch, acted as chairman. A vote of thanks was accorded to Col. Foster.

Comrade L. A. Knox was presented with a "life membership" as a token of the appreciation of his fellow members.

SHAWNIGAN LAKE

The Shawnigan Golf and Country Club Association held a garden party at the Strathcona Lodge school by permission of Miss M. Gilson on Saturday. A large crowd attended. There were many attractions, including two stalls arranged by the Browns and Guides with home products and fancy goods, a program under the leadership of Miss Miles, guide captain, Mrs. G. Orr, Brown Owl and Miss Mollie, singing Tawny Owl. The was served on the veranda of the lodge by the lady members of the association.

on their flag and lantern-waving routine. But now comes the railroad, and the vanishing of another colorful tradition.

DEATH TOLL ALARMS ENGLISH

New Regulations Tried in
London; Pedestrians Off
Crossing Lines to Be Fined

London, July 18 (By Reuters).—The terrible toll of life and limb from motor accidents continues in England—despite all attempts to stop it.

The latest scheme to have a trial of having fixed crossing places for pedestrians. There are already some sixty of them in use in Westminster and Holborn. At present they are indicated by paint on the roads, but metal guides may be used later.

Penalties are liable to be inflicted on both drivers and pedestrians alike who fail to observe the necessary regulations.

The official notice states that—
"These crossings will fall in their purpose unless drivers and pedestrians alike recognize the obligations placed on them. At these points—
(1) Pedestrians must not obstruct a vehicle proceeding in the general line of traffic movement—i.e., straight ahead.
(2) Vehicle traffic, turning at right angles must give way to pedestrians using the marked crossings.
(3) Drivers must not use the crossings to encroach due care, and if convicted of a breach of the regulations are liable to a fine not exceeding 25 shillings, but if they are similarly convicted a maximum fine of 50 shillings.
These first experimental crossings, the official notice continues, are all at points where traffic is controlled by light signals or by police. In the near future further crossings are proposed to be marked in Poplar, St. Pancras and St. George's.

Some of these will be at points where traffic is not controlled by light signals or police, and will be marked by the special sign "C" on a red and white ground, in addition to the markings on the carriageway itself.

At these points all vehicles must allow free passage to any pedestrian and must, if necessary, stop for that purpose.

The crux of the matter lies in the remark to the effect that "these crossings will fall in their purpose unless drivers and pedestrians alike recognize the obligations placed on them."

In the past there has not been shown any strong desire on the part of the public to fall in with the regulations drawn up by the Ministry of Transport, but it is hoped that the crossings will be used to the advantage of the public.

At these points all vehicles must allow free passage to any pedestrian and must, if necessary, stop for that purpose.

Will the pedestrians observe these instructions?

In Paris such the same precautions were taken some while ago. At first the crossings were ignored. Then an order was issued declaring that if a pedestrian is injured crossing the road within the boundaries of the safety lane, the driver of the vehicle is to blame, but if the pedestrian is not making use of the lane and no gate involved in an accident it is his own fault.

This warning had the desired result. Before long one shall not be at all surprised if the same warning has to be issued in England.

Alberni

Alberni, July 17.—A recent visitor to the district and on the West Coast, was Frederick Watson, special correspondent of The London Times. He was accompanied by Mrs. Watson, and both were much impressed by the charm of scenic beauty of the island. Especially were they intrigued by the natural architecture of Lone Beach and Uclulet.

Mr. and Mrs. C. W. Blackman have returned from a summer holiday in the island. They have as guests their daughter, Mrs. A. W. LePase and son, Norman. William and Roy Oke have as a guest their father, Robert Oke, former resident of the city, who is visiting from Johnstown, Pennsylvania.

Mr. and Mrs. P. B. Deacon of London, England, who are annual visitors to this district, arrived on Saturday to spend the summer here and are registered at the Bowden Hotel. Harold E. DONNA of the BIG TOP

By BEULAH POYNTER

"This time last year," Bill added, "we were moved in for a week. Telephone and telephone poles blew down. Trains couldn't get through, and a heap of livestock died of cold and starvation. I don't want you to get caught in a blizzard, honey."

"There's not much chance when I'm going just half a mile," Donna laughed. But she glanced uneasily out of the window.

"I'll drive you over, if you like," she said. Donna had feared he would say, "No, no, I'd rather you didn't. I'm sure grandfather will be all right, but just the same I think one of us should be within call."

"Maybe you're right."

There was a new farm magazine to look over and Bill sprawled on the couch in the living-room for some time after finishing his meal. Now and then Donna looked apprehensively at the clock, watching the hands spin around with what seemed amazing speed. Her feeling of guilt deepened with every moment. There was no reason for her to wait until Bill left the house. For that matter, he gave no indication that he intended to leave. Somehow, though, she could not make up her mind to go while he stayed inside, lying there so completely unconscious of the raging tumult in his heart.

The snowflakes were falling faster now and the skies were more lowering. Bill yawned and dropped his magazine to the floor at his feet.

"Honey, did you notice Dr. Freeman this morning?" he asked. "Looks bad, doesn't he?"

"Does he?"

"Yes. I wonder if there is any truth in the reports going around?"

"What reports?"

Bill laughed and reached out his hand. "You're not a gossip, are you, dear? I heard in town the other day that his wife is just a little too intimate with the fellow who boards with them. Of course in a small town everything a woman does is magnified and misconstrued but—"

"Bill, I'm surprised at you. To think you would listen to such stuff!"

"I didn't, sweet," Bill laughed good-naturedly. "I was in Buck's feed store when Mrs. Freeman went by, and Buck and George Lincoln got talking. I couldn't help hearing what they said."

"Didn't you stand up for her?"

"How could I, considering she was with the boarder when we saw her? There's an old saying that where there's fire there must be smoke. No—it's the other way around, isn't it? If she doesn't want talk, she shouldn't lay herself open to it by her actions. I've told her Freeman is a fine fellow. I reckon he's heard things."

"I suppose," Donna said tensely, "if there were smoke around me you'd look for a fire?"

"Sure would—but you take care there's no smoke! Boy, look at that snow. If you're going to the Adamses, you'd better get started."

"Yes, I suppose so."

"I'll get the car out for you," he said and went to the window. "I don't believe I'd go to-day, honey. This may blow over, but it looks like we're in for a real blizzard."

"I'd rather go and get it over with," she said. "Well, you're the doctor." He left the room and she went upstairs to change her dress. It was two o'clock now. Any chance she had had to step at the Adams place on her way to town was gone. She was stuck in the snowdrift. She had chosen the cemetery for a meeting place because it seemed the place where they would be least likely to encounter anyone whom she knew, but as Donna slipped from her house down into a dark, heavy wood it occurred to her that, of all places in the world, she had chosen the worst. It should be seen there with Con.

SISTER MARY'S KITCHEN

By MARY E. DAGE

VEGETABLES GAIN IN FLAVOR BY THE ADDITION OF MEAT

During summer months vegetables are plentiful and cheap. However essential they are to health, many men seem to have an innate and ingrained aversion to such plain homely vegetables as carrots and spinach.

To overcome this disposition, try adding meat to vegetables. Such a combination is savory and economical. The smell and taste of meat is appetizing and for this reason, if no other, meat is worth a place on the summer menu. While too much meat is not advised for summer menus, if just enough can be used in combination with vegetables to make them liked, a happy medium is effected.

If half a pound of meat can be made to serve four people and at the same time furnish wholesome and adequate diet, economy would prompt most of us to give the half-pound dish a fair trial.

CASSEROLE RECIPE

A meat and vegetable hash is the simplest version of the combination dish. Chowder and timbales are also made and they are most attractive. One can choose from carrots, turnips, peas and spinach timbales, lamb and pea timbales—these are worthy of a place on the economy menu.

Casseroles always come to mind as meat and vegetable combinations, too. Meat and vegetable pies with potato crusts are another possibility.

A meat and vegetable hash makes ideal summer fare from the cook's standpoint. It takes care of two items on the menu in one dish and one process, effecting a substantial saving in time, labor and dish washing.

MEAT AND VEGETABLE HASH

One-half pound round steak, 1½ cups chopped raw carrots, 2 cups chopped raw potato, 2 onions, 1 cup milk, 1 tablespoon minced parsley, 1 teaspoon salt, ½ teaspoon pepper, coarse buttered crumbs.

Put meat, carrots, potatoes and onions through food chopper. Mix thoroughly and add salt and seasoning. Put into a casserole, cover with buttered crumbs and bake one hour in a moderate oven (375 degrees F.).

WINDY POKER

One pound shoulder of lamb, 1 head lettuce, 2 cups peas, 4 or 5 green onions, 2 tablespoons butter, 1 teaspoon salt, ½ teaspoon pepper, 1 cup water.

Chop meat and brown slightly in butter melted in sauce pan. Add lettuce cut in slices, onions thinly sliced and water and simmer forty-five minutes. Add peas, salt and pepper and cook fifteen minutes longer. Stir gently with a fork to crush peas. Serve very hot.

TOMORROW'S MENU

Breakfast: Seedless white grapes, cereal, cream, blueberry muffins, milk, coffee.

Luncheon: Creamed dried beef with boiled potatoes, carrot sticks, molasses cookies, lemonade.

Dinner: Stuffed tomato bouillabaisse, corn and green pepper salad, chilled rice soufflé, milk, coffee.

HEART MUSCLE ATTACK REQUIRES LONG REST

Many Famous Persons Have Died From Coronary Thrombosis, and Those Who Survive Must Live Quietly Thereafter

By DR. MORRIS FISHBEIN

You may have read recently of the sudden death of a banker while he was flying in an airplane. His death was due to the condition called coronary thrombosis, or the clogging of the small blood vessels in the heart muscle.

President Coolidge and Senator Thomas Walsh died of this kind of heart attack, and so have many others well advanced in business and statesmanship.

The coronary arteries, which supply the heart muscle with blood, are rather small blood vessels, about the size of a quill on a feather, which go around the heart and which give off branches passing downward toward the apex of the heart.

These blood vessels may be blocked as a result of many different causes. Sometimes a small clot from elsewhere in the body comes to rest in a coronary blood vessel.

The result is an occasional attack of pain in the heart, but this is not so serious as the sudden and complete blocking of the heart.

When such sudden and complete blocking occurs, there is severe and tremendous pain. This pain is not a matter of a few minutes, like the pain in a neuralgia, but lasts for hours and, if the person lives and is kept absolutely quiet, it will gradually wear off in a few days. Some slight nervous periods, and with a sudden effort, the severe pain may come on again.

There is no way to reach the point at which a coronary blood vessel is blocked. The only possible treatment is to do as much as possible to repair the damage.

This is done in two ways: First, the blood vessel that is not blocked will not only supply the side of the heart that is usually supplied, but will send blood in a roundabout manner to take care of the part that has been shut off. Second, the clot may gradually be dissolved and blood may work its way through it.

The absolute minimum time that a person who has suffered such an attack may remain in bed is six weeks. With the slightest sign of secondary attacks or reactions, it may be necessary to extend this time.

If there is any fever, if the pulse is irregular and if after the six-week period the heart does not respond properly to exercise or activity, the patient has to remain in bed much longer.

It is not safe to shorten this time. After the first three weeks the patient may perhaps spend one-half hour or an hour of each day talking over his affairs with his associates. The family might help the passing of time with reading, with music or similar quiet amusements, but under no circumstances is any form of mental or physical activity to be indulged in that will speed up the heart.

Usually, after a person has once suffered an attack of coronary thrombosis, he must thereafter lead a life of much lessened activity. It is a fact, he does one-half the amount of work he did formerly, he will be doing more than enough.

Gary Ott, Apache Indian of Canyon, Quebec, has been following the leaders of his neighboring streams that they follow him, about, and close in and out of his canoe as he paddles along.

Some of the stars in "Private Scandal," the feature attraction at the Capitol Theatre are shown above.

THE SCREEN

MARY BRIAN AT CAPITOL

Has Leading Role With Phillips Holmes and ZaSu Pitts in "Private Scandal"

"Private Scandal," produced by Charles R. Rogers for Paramount, opened at the Capitol Theatre to-day with a cast headed by ZaSu Pitts, Phillips Holmes, Mary Brian, Ned Sparks and Lew Cody.

Ned Sparks and ZaSu Pitts are a unique combination for a mystery film—but they give splendid performances in two of the most laugh-loaded roles they have had in years. Sparks is cast as the experienced detective who eventually solves the mystery—while Miss Pitts is the excitable, bewildered secretary of the man who is the focal point of the problem.

The story, based upon an original by Bruce Manning and Vera Caspary, tells of a real estate broker, threatened with ruin unless he can raise funds to cover stock market losses. Unable to borrow, he decides to kill himself so that his insurance may cover the missing funds.

But, since his policies bar suicide, he must make it look like murder. He reveals his plan to Phillips Holmes, his daughter's fiance, begs him to remove the gun after his death.

Metro-Goldwyn-Mayer, which gave the world "Exterminator," "Trader Horn," "Ben Hur," and others, has come through with another great screen classic.

It is "Viva Villa!" which opens at the Dominion Theatre on Friday, with Wallace Berry as the star.

Taking its place among the film masterpieces of all time, "Viva Villa!" is at once one of the most powerful and the most human dramas ever screened. It is a fictional version of the life and loves of Pancho Villa, the great Mexican revolutionary general, whose name was in the headlines almost constantly in the decade preceding the world war—yet it is more than biography.

Opening with Villa as a boy in the hills of Chihuahua, it traces his tumultuous career through his era of banditry and his subsequent life as a revolutionary leader and liberator of the people.

Berry gives easily the greatest performance of his career. Pay Vray and Katherine De Mille are excellent foil for his romantic moods.

The improvidence of youth, and the struggle of a young couple against dire poverty, form the basis for the story. "Little Man, What Now?" Frank Borzage's Universal drama which is now being shown at the Dominion Theatre, starring Margaret Sullivan who is supported by Douglas Montgomery.

Married almost entirely without savings, the youngsters struggle along on the bare pittance which the boy earns as a clerk, only to have their income cease entirely when he loses his job. Many disheartening adventures ensue, but finally the young husband obtains another clerkship in a department store, and the future looks brighter.

The distinction of being painted by one of the foremost contemporary artists, Leo Katz, belongs to Wynne Gibson, who to-day is at the Playhouse Theatre in Universal's thrilling life drama by Vicki Baum, "I Give My Love."

Miss Gibson's portrait, seen in the film, has been adjudged one of the finest pieces of modern art. So enthused did Mr. Katz become over Miss Gibson's features he offered to do a portrait of her free of charge.

COLUMBIA THEATRE
Leo Tracy is seen as the go-getting, ambulance-chasing lawyer in "The Nuisance," now being shown at the Columbia Theatre. Right on the dot at every accident, even before it gets through happening. Second to that of Leo stands the marvelous performance of Frank Morgan as the drunken doctor accomplice. Sidde Evans comes through in a big way as the little "moon pacer" who tells for Leo, while Charles Butterworth, as Floppy, the professional accident case brings many a howl.

NEWS IN BRIEF

The regular meeting of the Trades and Labor Council will be held this evening in the Labor Temple, 1000 Bloor street, and the Labor Temple, 1000 Bloor street, at 8 o'clock. Inviting members only are invited to the discussion.

The Equivocal Workers' regular weekly meeting at Queen of Peace Church, Old Equivocal Road, tomorrow night, will be a meeting of importance will be dealt with.

A small fire at 5.15 o'clock this morning damaged an electric motor in the Dufford Dairy, Port Street. The fire department also attended calls to grass fires at Penrose and Dundas Streets in the 2900 block, and at the home of the Braver's home at the junction of the street.

In the city police court this morning Edward Hudson pleaded guilty to a charge of assaulting Mrs. A. H. Griffin and was remanded until the 10th.

A. H. Griffin for assaulting the defendant of the first charge, will also be heard to-morrow.

The house of E. G. Morley, 1748 Pembroke Street, was entered Monday evening, but nothing was taken. The owner, Mr. J. W. Morley, called yesterday. Detectives William Stark and Charles Cremer attended and found entrance was gained by the removal of a screen from one of the windows.

The second of the summer Wednesday evening organ recitals will be given at Christ Church Cathedral this evening at 8.15. Stanley Bulley, the cathedral organist, will give lecture on "The Organ." The subject of the lecture will be illustrated by vocal solos.

Mr. J. W. Morley received a letter from the Attorney General last week stating that the Government would respect the constitutional and moral rights of the citizens in dealing with the matter of sedition and a resolution of this kind of attitude was passed.

After Mr. Pipe's talk the meeting adjourned to the hall where the servants' committee met. The following were named to discuss the secretary's report and discuss the action recommended by the committee: Messrs. the servants: P. Walker, W. T. Thorne, A. V. Pinco, P. O. Barr, R. Wright, L. Harrison, M. Catherston, H. B. Smith, Fred Patrick Philip and G. P. Napier.

The Court of Appeal has been in session here since June 8, hearing twenty-five cases and transferring twenty to the autumn sitting in Vancouver.

The appeal Justices have often had to work on into the vacation season, after all other courts adjourned on June 30 for the summer, but they have never had to work on so long as this. Adjournment dates of summer sittings in recent years, as recorded by the Ontario Bar and appeal court registrar, are: 1904, July 18, 1905, July 13; 1902, July 7; 1901 July 6.

Ammonia is also known as hartshorn. It used to be made by heating the horns of stags in closed vessels to draw out the gases.

It is said that the Tartars ate books so they could acquire the knowledge contained therein.

Duncie! When the bubble
buds, the others thought it a fine
one, but he was very startled, and
he never has enough.
You all can count on me no more
take part in this silly war. 'Twas
when everything went right, but
I was too far off to touch it.
Why, what's the matter?" Doty
said. "A bubble that was over-
dud just broke and gave you quite
Duncie. There's really no harm
in it."
Oh, not," snapped Duncy. "Well,
it's not as good as your eyes. Smart
as you are, you can't see a bubble
without soap. The other's agree, I'm
afraid, it isn't any fun."
Perhaps, by now, you realize that
the bubble was in my eye. Gen,
I was a pair of mules. I can see to
it with it."
"It's something like the dickens."
said Doty. "I tried, un-
derstand." Then everyone was
tired to hear him kindly about
it. "Yes, I'm a war nurse. Come with

me and we will very shortly see what
can be done to stop the pain. I'll do
the best I can."
"A fine hospital tent's nearby."
Duncy said, glad to have help.
"Okay," replied was Duncy. Then
up to the tent they ran.
Gen. Goldy said, "I sherry mean
to teach you to see bubbles clean."
Then you can rinse your eyes a bit.
That ought to turn the trick."
"The bubble soap, I have no doubt,
will do the trick. But I'm afraid it
won't be long. I'm positive, till you'll
be feeling sick."
Duncy worked out just as she
said. Gen. Goldy held his little hand
rest steadily while his face was washed.
Then he exclaimed, "Now, quit!"
"I'm feeling good, I feel all right."
Now I'm a nurse, I'm a nurse,"
Gen., as a nurse, told Goldy, "you know
how to get your hip!" (The nurse
in the next story) to be a war nurse

**TONGUE GIVES NO SIGN OF

Old Method of Looking Into Mouth as a Guide to

Indigestion or Infection Was Unscientific and Unreliable

By DR. MORRIS FIANHEIN

In the old days, if you were sick, the doctor would come and look at your tongue before doing anything else.

It got so that people would take a squint at the tongue as an indication of their health. And there still are people who think they can make a diagnosis of indigestion or infectious disease by this simple

It may, however, proceed eventually to the stage when the entire tongue is marked out in sections, so that it looks like a map, in which case the doctors describe the condition as geographical tongue. In some cases use of radium in treatment of disfigurement of the tongue of this kind is successful.

A rather rare condition affecting

The doctor will inspect your tongue when he's looking for a disease. The tongue contains on its surface a thin layer of mucous membrane. The purpose of supplying the mass of taste and of permitting the tongue to handle the food that it is to eat.

Occasionally these little folds enlarge without producing anything in the way of trouble. Sometimes, however, they become swollen in connection with an affection of the tonsils or throat. Usually in such cases the tongue is enlarged to a certain amount of rest brings about prompt relief.

Occasionally, however, other cause in the tongue, ordinary folds of the membrane covering the tongue disappear and are displaced by a sort of tumor. This condition most frequently occurs in the children of smokers or persons with very bad breath. The condition has occasionally been referred to as the smoker's tickle.

Folds of membrane, known as papillae, enlarge. This gives the tongue a dark appearance, so that it seems to be covered with hair.

The tongue is constantly affected by organisms which produce swelling and growth, and not infrequently tumors may develop that are merely a growth of growth, as well as tumors like cancer, that are malignant.

It is, of course, of the greatest importance to find out whether any swelling or change to the tongue is cancerous. If detected early, it is possible to bring about a cure without the use of surgery. If detected late there is very little chance of a successful result.

A clean mouth in which the teeth are kept clean, regularly washed, gargled and brushed, and the decay and unwholeness, is perhaps the best type of insurance that you can get against development of cancer of the tongue.

McLarnin May Play Ball This Evening

Cox's Army Makes Attempt to Secure Famous Fighter's Services For Charity Baseball Game Against The Times at Beacon Hill; Play Starts at 6.15 o'clock

With the possibility of Jimmy McLarnin, Vancouver's world-famous fighter, and former world welterweight champion, playing for Cox's Army, to-night's charity league baseball game at the Beacon Hill ground is expected to draw a record crowd. The Army will stack up against Tommy Nute's boys from The Times. Play will start at 6.15 o'clock sharp with Ed Brynathen and Eddie Hall as official umpires.

In an attempt to "load" his squad for the game against the newspaper crew, "field-marshal" Cox yesterday evening sent off a run with Ralph Rogers in Vancouver, asking him to make a hurried trip to Victoria to play to-night and to bring McLarnin along with him. In the opening charity game of the season between the Army and Police, Rogers turned in a bang-up game at third base for the "soldiers." At a late hour to-day no reply had been received from Ralph, but it is quite possible he will be on hand with McLarnin.

BOTH MANAGERS CONFIDENT
Both Cox still refused to-day to give out the name of his starting pitcher for the game, but came forth with the information that he has a dark horse who will have The Times boys swinging like a bunch of rusty gates.

Manager Nute had nothing to say when informed of Cox's statement, but smiled to himself and as he walked away sang forth: "Just wait and see."
An added feature for to-night will be the debut of Cox's Army orchestra, which will include Billy Smith, brilliant accordion player; Eddie Rogers with his banjo and steel guitar and William Carter, hobo minstrel, who will accompany the other members on his tin whistle. In addition, a singer will attend and render several songs.

The children will be well looked after, as usual, with 1,000 candies to be distributed.
A collection will be taken and the proceeds turned over to Chief of Police Thomas Henley for charitable purposes.

THE BIG SIX

The pace-setters, Heinie Manush and Charley Gehring, registered the only hitting for the Big Six yesterday, although Paul Wagner improved his position considerably by remaining idle. Manush and Gehring each made two hits in four times up and picked up one point apiece. Meanwhile, Lou Gehrig hit out of four, dropping two points, and Bill Terry hit out of four, dropping one point. Terry going up eight times and Ott, seven. The Giant manager's average dropped six points and Ott's five. The standing:

| | G. | A. | B. | R. | P. |
|-----------------|----|-----|----|-----|-----|
| Manush, Rangers | 25 | 345 | 68 | 139 | 309 |

EIGHT LEADING BRITISH WOMEN GOLFERS TO MAKE TOUR OF CANADA AND U.S.

Canadian Press
London, July 18.—A team of eight foremost British women golfers was selected to-day to visit Canada and the United States, to compete in respective championships and also meet teams from those two countries.
Diana Fishwick, winner of the British women's open in 1930, and Molly Gourlay, previous native champion, are on the team, but Mrs. A. M. Holm, the present British champion, was unable to make the trip.
Other members of the team are youthful Pam Barton of the Royal Mid-Surrey Club, Doris Chambers of Wirral, acting captain and manager; Mrs. Coats of Troon, Wanda Morgan of Westgate, Diana Flumpston of Frinton, and Mrs. Walker.
The team will sail on August 31.

Marshall Troops For Berlin Race

powerful than fast will be given attention as they make their way down the Gorge. While the chief leaders will be distributed to the first men and women in all those who finish the course will merit considerable honor in the eyes of Victoria's sporting fraternity.
Those wishing to participate who have not yet announced their intentions of competing, are requested to file their entries on the special entry form and forward them immediately to the Sports Editor, Victoria Daily Times.

British Racing Driver Injured

Derby, Eng., July 18.—Freddie Dixon, England's racing car driver who has aspirations to lower Sir Malcolm Campbell's world auto mark of 272.108 miles an hour, to-day was in a serious condition in a hospital here as a result of a crash at Donnington Park, Saturday.
Dixon, who had planned to go to Daytona Beach with the car Kays Don one day in an attempt at the record, is suffering from rib and head injuries, the seriousness of which has not yet been determined.
Meaning at Harley, Sir Malcolm, again denied he had made any definite plans to go to the United States for another attempt to put the record at 300 miles an hour.

B.C. Junior Net Tournament Opens

Victoria and Island Players See Action To-day as Young Stars Battle For Provincial Crowns; Doug Peden Conceded Good Chance to Win Title
Vancouver, July 18.—With one exception, favorites advanced through the first day's play in the British Columbia Junior Tennis Championships at the Point Grey Tennis Club yesterday.
Oliver Lacey, defending titleholder, won his way through his first round match with D. Vance, 7-6, 6-3. Phil Pearson turned back W. Magwell, 6-0, 6-0. D. J. White, Tom Jones and Jimmie provided the only upset of the day when he came back after dropping the first set of his match with Doug Peden, 6-4, to take the next two, 6-1, 6-3.
In the only girls' singles match, Jo Cline beat Joan Gold, 6-2, 6-1.
Vancouver Island entries went into action to-day with Doug Peden, Victoria, accounted for by an excellent chance by 155 Lacey's crown, meeting Chuck Foreman in one inter-city match. Tony Staples of Duncan met R. Y. Roberts in the other.
The girls' doubles, Kay Staples, Duncan, took on G. Wooten, Kay Wooten, Victoria, opposite B. Roberts, Susan Roberts and G. Lacey, and Esther Ford, Victoria, teamed with K. Cooke.
Miss Wooten and Pearson are paired up in the mixed doubles and met Miss Cooke and Lacey in their opening match to-day.

G. O. B. Allen Will Not Play

London, July 18.—It was officially stated to-day G. O. B. Allen, middleweight, fast right-arm boxer, feels himself unable to play in the fourth cricket test match between England and Australia, opening at Leeds Friday.
Allen was one of fifteen men who have been invited to be on hand at Leeds for selection.

WOMEN'S GOLF TOURNEYS SET

Ada MacKenzie Will Defend Both Canadian Closed and Open Championships
Montreal, July 18.—Conditions of both open and closed championships of the Canadian Ladies' Golf Union were announced here yesterday. The open tournament will be held at Toronto Golf Club during the week of September 17, and the closed at Scarborough Golf and Country Club, Scarborough, Ont., the week of September 24. Miss Ada MacKenzie, of Toronto, is defending both titles.
The international team match between Canadian women golfers and women golfers from Great Britain will be held at Toronto Golf Club, Saturday, September 15.
The open tournament is for players whose handicap does not exceed fourteen. The qualifying round will consist of eighteen holes. The thirty-two players with the best gross scores will continue match play at eighteen holes a day; but the final will be thirty-six holes.
The closed championship is open to all members of clubs affiliated with the Canadian Ladies' Golf Union. No entrant's handicap may exceed twenty-five. Entrants must have been residents of Canada for six months prior to the tourney. Qualifying round will be held Monday, September 24, the thirty-two remaining players with the best gross scores will continue match play with eighteen holes a day. The final will also be eighteen holes.
The closed championship is open to all members of clubs affiliated with the Canadian Ladies' Golf Union. No entrant's handicap may exceed twenty-five. Entrants must have been residents of Canada for six months prior to the tourney. POLOISTS IN DRAWN GAME

Victoria Team and Representatives From H.M.S. Danae in 1 to 1 Tie
Scoring one goal in the first chucker and holding off their opponents' well executed attacks until the third, when the sailors gained the qualifying field, Victoria Polo Club beat H.M.S. Danae to a 1 to 1 draw in the exhibition game played before a fair crowd at the Ford Bay Road yesterday evening.
The Victoria team played their next game against Duncan, here on July 20.
Play was interesting throughout, with the sailors displaying a good knowledge of the game and furnishing thrills with their dangerous and well-timed attacks.
In the last two chucks, both squads tried hard for winning tallies, but could not break the tie.

Rosenbloom Will Defend His Title

New York, July 18.—Marie Rosenbloom will defend his lightweight title against Bob Olin, New York, in a fifteen-round bout at the Madison Square Garden Bowl on Long Island, August 12. Jimmy Johnson announced yesterday.

Favorites Advance In Northwest Tennis

Tacoma, July 18.—Wayne Sablin, Portland, and Wirtis Oswald, San Francisco, seeded Nos. 1 and 2, respectively, advanced to the quarter-finals of the men's singles yesterday as the Pacific Northwest tennis tournament, delayed one day because of rain, got under way. No startling upsets were recorded Monday. Additional quarter-final matches in the men's singles, along with second-round matches in the other singles and opening play in the doubles, held interest to-day.

ST. HELENS WIN LACROSSE CLASH

Vancouver, July 18.—A fast quarter scoring game that netted them eight goals, while their opponents were held to half that number, gave St. Helens a 17 to 10 victory over New Westminster Salmonbellies, in an inter-city lacrosse fixture here, yesterday evening.
St. Helens took a 3 to 1 lead in the first quarter, but trailed by three goals from then until the final period, when their rally gave them the decision.

LOCALS DRAW WATER POLO

Hold H.M.S. Danae Team to 2 to 2 Deadlock at the Crystal Garden
Strengthened by the addition of Frank Fisher, Ken Derbyshire and George Wellburn on the defense, Victoria's water polo team held visiting sailors from H.M.S. Danae to a 2 to 2 draw in yesterday evening's fixture at the Crystal Garden. In their first meeting, the tars took the locals into camp 6 to 2 after the Victorians had been tired out in a previous game.
Playing for the first time together, the local combination was slightly off on team play, but made up their deficit in that department with speed. Shortly after the start, McEwan, husky marine on the visitors' right wing, came bounding home a tall for the opening score.
After missing several golden opportunities, Art Stott scored to bring the teams to even terms before the interval.
KNOCK-OUT
The sailors forged ahead in the second half when Thorne sent in another fast shot, only to have Doug Peden, smother in a tricky heave to even up the count again.
For the remainder of the game the backs checked their men too closely for further scores although the locals had one or two good chances.
The game was considerably rougher than the first encounter with the Navy boys riding their checks hard.
Up as follows:
H.M.S. Danae—White, Squire, Scott, Noble, Thorne, Stinton and McEwan. Victoria—George Wellburn, Frank Fisher, Ken Derbyshire, Polly Farrot, Bill Robertson, Doug Peden and Art Stott.
Members of the H.M.S. Danae complement were guests of the Garden for the game as were sailors from the Esquimalt barracks.
North Saanich; umpire, Simpson. Saanichton versus Canucka; Saanichton; umpire, Brown. R.C.A. versus James Island, Work Point; umpire, Bayliss. Mohawks versus Macabees, Lower Central; umpire, Cliff. Sidney versus Bepco Paint, Sidney; umpire, Brown.

Grain Prices Rally After Dull Session

Canadian Press
Winnipeg, July 18.—A late-session recovery lifted wheat futures prices from near the day's low points on the Winnipeg Grain Exchange to-day and values closed a featureless market 1 1/2 to 1 3/4 cents higher.

An all-session-long sag was halted in the closing minutes and futures rallied to come close to the opening levels, the session's high marks, July at 85 1/2, October 86 1/2-86 3/4, and December 87 1/2 cents.

Futures prices were hoisted sharply at the opening but three after turned downward, chiefly the result of general ease in Chicago. Advances of nearly two cents were scored in early dealings, but the gain was slowly whittled down.

Based on their operations on Tuesday's bullish Canadian government crop report and high temperatures over the wheat areas of United States and Canada, investors offered good support to values during most of the session. Sales of wheat for foreign markets approximated \$50,000 bushels.

Cash grain was quiet. Canadian grain futures turned upward in a featureless market. Opening prices in coarse grains also were pared later.

CHICAGO, July 18 (Associated Press).—Corn and soybean to-day reached new high price records for the season, but profit-taking in late dealings partly wiped out gains in all cereals. Unofficial estimates to-day placed the 1934 wheat crop of the Canadian prairie provinces at as low as 225,000,000 bushels, against an expectation of upward of 250,000,000 a few weeks ago.

Wheat closed firm, 1/4-1/2 above yesterday's finish. September new 1.00-1.00 1/2. Corn 1/4-1/2 up. Oats unchanged to 1/4 up.

Germans Oppose New Pact Plans

At Best Only Qualified Acceptance of Eastern Locarno Scheme Foreseen

Canadian Press from Paris, July 18.—Germany is flatly opposed to the Eastern European Locarno pact proposed by France and supported by Great Britain and Italy, and will shortly notify the powers to that effect, a correspondent of Le Journal to-day cited high German authority as saying.

German objections were summarized as follows:

- 1.—Germany approves of bilateral accords, but is not in favor of a pact of the kind proposed by Louis Barthou, French Foreign Minister.
- 2.—Nations backing the project are said to be not in agreement among themselves, either with regard to the scope of German military equality which, it is claimed, ought to be a condition of the accord, or with regard to the date on which such equality might take practical effect.
- 3.—If action was directed east, the French army would be a definite stand.

The Volksrecht Beobachter reproached the British government for having recommended the proposal to Germany without specifying when and how equality of rights would be ensured for Germany under the new system.

German Trade To Be Ignored

British Journalists' Reputation Withstands Goebbels' Charges

Canadian Press from London, July 18.—The British government is ignoring the statement of Joseph Goebbels that British journalists in Germany have been guilty of "deliberate and systematic poisoning of public opinion." This was part of Goebbels' attack at foreign correspondents in Germany following the "blood purging" of June 30.

Asked if he would make any representation to the German government about the statement, Sir John Simon, Foreign Secretary, merely replied in the House of Commons that the British government stands sufficiently high to make any such representations superfluous.

Rev. Dr. P. Strang Dies in Regina

Canadian Press from Regina, July 18.—Rev. Peter Strang, D.D., fifty, who saw the Canadian prairie develop from raw pioneer lands to their present cultivated state in his service as a missionary in the west, died here yesterday.
